# How to set up a Sticker Sheet!
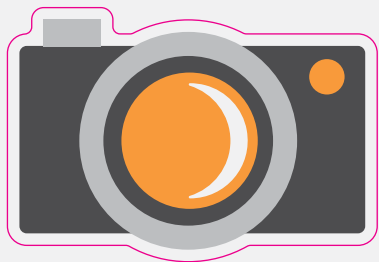

Please use this guide to set up your sticker sheet with proper spacing and margins.

**Use at least 1/8" margin between cut lines and sheet edge**

Use at least 1/16" margin between the cut line and artwork

Use at least 1/16" margin between individual cut lines

Round all of the cut line corners to at least (0.04")

Extend bleed at least 1/16" (when necessary)
