

Artwork Template

Please use this template and follow the instructions to prepare your artwork for printing at the proper size and margins.

Place your design onto the ARTWORK layer and position it behind the Template lines.

Outline or Rasterize your fonts and Embed all images. Save as a PDF and submit your file for proofing!

* Keep your text above 5 pt font for best legibility. Example: Sticker • Minimum text size

* Print this file out at 100% scale for an accurate size representation of your product.

* Use CMYK colors in vector artwork or images that are at least 300 dpi for best quality.

★ Please do not move or adjust the Template lines.
